PROTESTING SOLDIERS ARE REPRIMANDED

Occupation Forces Warned "Subversive Forces" May Take Cue for Sabotage Plans

JAPS SHOW INTEREST

BULLETIN
Washington, Jan. 9.—(P)—Gen. Dwight D. Eisenhower reported to President Truman today that there was no need for disciplinary action against troops who demonstrated at Manila in protest against a slowdown in demobilization.

Yokohama, Jan. 9.—(P)—American occupation forces were warned today that subversive forces will take their cue for sabotage plans from our future actions" after a provost marshal reported he had broken up a "hothead" demonstration of soldiers protesting a demobilization slowdown.
Lt. Gen. Charles P. Hall, acting commander of the Eighth Army, sent this message to his troops through the army newspaper stars and stripes:
"The Japanese people watch with interest the first indication of a general breakdown of morale and discipline beginning to show up in occupation troops.
"Subversive forces quick to sense dissension in the ranks, will take their cue for sabotage plans from our future actions."
Col. Charles A. Mahoney, provost marshal of the U. S. Army service Command disclosed he had scattered protesting soldiers at the arrival of Secretary of War Patterson.
General Hall's message came as soldiers in this area called for a mass demonstration tomorrow before Eighth Army headquarters.
Mahoney disclosed he told the demonstrators who met Secretary Patterson with cries of "we want to go home" that "you are insulting a man who was a soldier before you were born."
Mahoney denied telling the men "you are acting like a lot of G— babies," as stated in the paper.
Mahoney, however, said Patterson left the car and went into the building where soldiers made him "honorary GI."
At Honolulu last night, 1,500 soldiers staged a noisy protest against the demobilization program in front of headquarters of Lt. Gen. Robert C. Chardson, Jr., who in the afternoon had urged that no "mob action demonstration" be staged in Hawaii.
The demonstrators voted to send their views to President Truman. A larger mass meeting was scheduled for Saturday.
At the Honolulu meeting, T/4 Artie Bernstein, Los Angeles, (Turn to Page Seven)

Hold Janitor as Charnel Room Is Examined

Janitor Hector Verburgh, 65, under arrest in the butcher slaying of 6-year-old Suzanne Degnan in Chicago, stands at the apartment basement laundry tub where detectives found blood and flesh leading them to believe it to be the spot where Suzanne's head, arms and legs were hacked off. One detective displays a bundle of rags found there from which the rags her torso was wrapped in are believed to have come.

Dream of Nylons Turns Into Search for Rayons

New York, Jan. 9.—(P)—The dream of nylons has turned into the search for rayons for retail stores have almost no hosiery of any kind to sell.
Nylons have not arrived, and rayons are practically gone.
Many a woman who scorned the war time hose a few months ago because nylons were in the offing, now are crawling from store to store in hopes of getting a pair of good rayons, baggy knees and all, without success. Manufacturers say the rayon supply will not improve.
Hosiery makers predict it will be at least six months before getting a pair of hose will be a matter of waiting and walking into a store and asking. But that next pair will be nylon.
Mahoney, however, said Patterson left the car and went into the building where soldiers made him "honorary GI."
At Honolulu last night, 1,500 soldiers staged a noisy protest against the demobilization program in front of headquarters of Lt. Gen. Robert C. Chardson, Jr., who in the afternoon had urged that no "mob action demonstration" be staged in Hawaii.

New York CIO Plans To Aid W.U. Walkout

New York, Jan. 9.—(P)—CIO officials threatened today to throw the full weight of 600,000 metropolitan New York members behind striking Western Union employees whose walk-out has severed the telegraphic nerve center of the world's greatest city.
New York—international business capital and heart of Western Union's complex communications system—suddenly was plunged into telegraphic isolation from the rest of the nation when 7,000 company workers struck at 7:10 a. m. yesterday, four hours earlier than scheduled.
The strike, precipitated by the employees' protest of a War Labor Board decision revising downward a wage award by a regional board, also slowed down international cable communications.
The possibility of a concerted (Turn to Page Seven)

State Makes Bid for U. S. S. Pennsy

Washington, Jan. 9.—(P)—The U. S. S. Pennsylvania may come to Pennsylvania to stay.
The gallant old battleship, a powerful weapon for victory in the Pacific and amphibious warfare, but not sleek or modern enough for the postwar fleet, may be presented in her home state as a monument to the courage of Pennsylvania's fighting sailors of World War I.
The office of Senator Myers (D-Pa.) said today he has asked Fleet Admiral Chester W. Nimitz, chief of naval operations, to give the ship to Pennsylvania inasmuch as Pennsylvania is to be recommissioned as a ship of the line and haps scrapped or scuttled.
The state of Pennsylvania, it is learned here, has also made representations to the navy about the ship berthed permanently in Philadelphia, but the status of the negotiations could not immediately be determined.

Two-Headed Infant Delivered by Caesarian In Norton, Va.

Norton, Va., Jan. 9.—(P)—A two-headed male infant was delivered through a caesarian operation performed last night at Norton General Hospital on Mrs. May Matthews Brickey, 25-old wife of a coal miner. The infant was born dead.
The operation was performed by Dr. C. L. Karshbarger after Mrs. Brickey, father of the infant, brought his wife to the hospital.
According to physicians and Atkins, editor of the Coal Progress who saw the child, it had a dual body from the hips with two chests, two hearts and four arms.
One peculiar aspect of the formation was a bone protrusion from the back, described by Atkins as a distinct stump, an inch in diameter and about 2 1/2 inches long, tapering off to a reasonably sharp point. The doctor defined the formation as a "rudimentary spine."
The heads were normal and the child's arms, hands and other features were regular. Atkins said.
The condition of Mrs. Brickey was serious. The mother of five healthy children, she had a normal gestation with the child born last night, the father said. A small, somewhat plump woman, she noted nothing unusual in carrying the infant, the father said.

Higher Butter and Meat Prices Loom To Threaten Efforts To Hold Line on Costs of Food

Washington, Jan. 9.—(P)—Officially-advanced proposals for higher butter and meat prices collided today with government efforts to hold the line on food costs.
The butter hike—18 cents a pound by May 1—was reported to have been recommended by Secretary of Agriculture Anderson. Aides of the cabinet officer said he advanced the suggestion in a move to encourage production. Butter has been increasingly hard to find in many parts of the country.
Anderson previously spoke out in favor of higher ceiling prices on meats in an effort to avert next Wednesday's scheduled strike in the meat packing industry.
Behind these pressures on the government's hold-the-line policy is a demand for all kinds of food much stronger than many officials had anticipated. Agriculture department economists attribute the demand to continuing shortages of such non-food goods as autos, radios and the like.
One result of these pressures may be to force the administration to continue its \$1,785,000,000-a-year food subsidy program beyond the June 30 date it had planned to bring it to a halt. This program was inaugurated during the war to prevent increases in civilian food prices.
Meat packers already are being paid subsidies to permit them to operate without loss at present price ceilings. They contend, however, that they cannot meet wage (Turn to Page Seven)

Utilities Tieup Is Probable In Pittsburgh

Pittsburgh, Jan. 9.—(P)—The 50-member executive board of the Independent Association of Employees of Duquesne Light and affiliated companies last night voted last night unanimous approval of affirmative strike action previously taken by the union's 3,100 members.
George L. Mueller, president of the union, said a strike notice would be filed with the National Labor Relations Board today.
Thirty days thereafter, Mueller stated, Pittsburgh's street cars, its downtown steam-heating, electric light and power and much of its bus service will be cut off unless there has, meantime, been a settlement.
The dispute is over a wage (Turn to Page Seven)

Lynching of Allied Fliers Was Advocated By von Ribbentrop

By NOLAND NORGAARD
Nuernberg, Germany, Jan. 9.—(P)—Evidence was presented to the international military tribunal today to show that Joachim von Ribbentrop, former Nazi foreign minister, advocated the lynching of all captured Allied fliers who participated in the bombing of German cities.
British Prosecutor Sir David Maxwell Fyfe, closing his case against the one-time champagne salesman on trial for his life with other high-ranking Nazis, introduced documents showing that the German high command turned down von Ribbentrop's proposal as being too drastic.
Instead, the army and air force defined as "terror action justifying lynch law" only low-level attacks on civilians, shooting of parachuting German airmen in the air, strafing of civilian trains and attacks on civilian trains which were marked with a red cross.
Sir David also introduced documents showing:
That von Ribbentrop urged Japan through Ambassador Hiroshi Oshima to declare war on the United States.
That he informed Mussolini in 1940 that Spain had agreed to enter the war as soon as preparations were completed and indicated that Germany planned to send troops, special weapons and planes to assist in an attack on Gibraltar. (Turn to Page Seven)

22 Listed Dead In Southern Floods

By the Associated Press
Flood waters raging at the highest levels ever recorded in some sections of the south have brought death to at least 22 persons, caused multi-million dollar property damage, and left thousands homeless.
The death toll stood at eight in Tennessee, six in Kentucky, six in Arkansas and two in Georgia.
Torrential rains which have pounded the area for two days continued early today, but the weather bureau in Atlanta said the worst was over.
The number of homeless in Kentucky alone was estimated at 5,000 as conditions began improving in the stricken Big Sandy and Cumberland river valleys.

Basement Death Chamber In Sadistic Killing of Little Suzanne Degnan is Located

Chicago, Jan. 9.—(P)—Police, possessing evidence they said was found in an apartment basement in which the tiny body of Suzanne Degnan was dismembered, pressed relentlessly today for a showdown in their uninterrupted 48-hour hunt for the sadistic killer.
Two janitors, both employed in apartment buildings in the North Side Edgewater Beach district, where the Degnan family lives, were seized for questioning in connection with the kidnaping and killing of the six-year-old girl.
Later, nearly 12 hours after he was taken into custody, Walter Storms, chief of detectives, asserted that no charge had been placed against the janitor.
Unemotionally, but insistently, the 65 year old janitor had protested his innocence through hours of interrogation by police and state's attorney's officials.
Early this morning, police went to the vicinity of the crime and seized the second janitor, whom they described as about 35 years old, also a native of Belgium and a close friend of the janitor picked up in the Winthrop avenue apartment basement yesterday.
It was in the basement, police disclosed, that they found blood stains and parts of the girl's internal organs in the laundry tub drain, as well as several small bones in a furnace. All parts of the child's body except the arms were found Monday night in sewers near her home. The gruesome discoveries came more than 12 hours after Suzanne had been kidnaped from her bedroom by a man who left a note demanding a \$20,000 ransom.
Also in the murder room, police said they found a hack saw which they said probably was the instrument used by the killer in dissecting the body of blonde, blue-eyed Suzanne, daughter of James B. Degnan, 36, an Office of Price Administration official. Dr. Jerry Kearns, coroner's physician, however, disagreed and said a sharp instrument had been used.
The 65 year old janitor, police said, had been employed in tending apartment buildings in the Edgewater district for more than 15 years. He was described by many tenants in buildings he tended as mild mannered. He is the father of two married daughters, and stepfather of four sons and daughters and grandfather of seven children, some near Suzanne's age.
Police quoted him as saying he could not account for the bloodstains and bits of human flesh found in the laundry tub or the bones taken from the furnace.
Meanwhile, nine other men seized by police in their city-wide hunt for the brutal slayer, were given so-called "lie detector" tests. All apparently cleared themselves, although one, unidentified, received a prolonged examination of two hours.
Among persons offering information was Thomas Goldstick, a milk wagon driver, who identified the seven-foot ladder found near the Suzanne's bedroom window, as one he saw on an automobile near the Degnan home last Saturday and Sunday.

Atomic Bomb Safeguards Agreed Upon

By JOHN M. HIGHTOWER
London, Jan. 9.—(P)—Secretary of State Byrnes said today that the United States, Russia, Britain and Canada were agreed on safeguards for atomic energy secrets devised by the United Nations Organization.
Byrnes issued a statement on the atomic energy controversy within the American delegation shortly after holding a two-hour session with the delegates and said that, so far as he knew, his view of the safeguards was entirely acceptable to all of them.
Immediately afterward Senator Vandenberg (R-Mich.), a critic of Byrnes' atomic energy policy up to this point, issued a statement saying he now was "completely reassured."
Thus harmony was restored to the American delegates on the eve of tomorrow's historic first session of the United Nations Assembly at Central Hall.
The Byrnes-Vandenberg understanding apparently solidified the United States delegation.
The problem of working out atomic controls through the United Nations overshadowed all other issues confronting the organization on which the world's peace hopes are pinned, but was by no means the only one. Other top issues:
1. Election of six small nation members to the United Nations Security Council on which the United States, Britain, Russia, China and France hold permanent seats.
2. Election of a general secretary and other officers of the United Nations Organization.
3. Whether to set up a trusteeship council to supervise the administration of World War I mandates.
4. Whether the United Nations should take up immediately the problems of finding places for war-ravaged areas of the world.
5. The question of where in the United States to locate permanent headquarters of the new world organization.

Envoys Fail To Reach Accord In China War

By SPENCER MOOSA
Chungking, Jan. 9.—(P)—Efforts to achieve a truce in China's civil strife failed again today and the Communist representative charged that a hitch developed because of government demands for exception of Jhol and Chahar provinces from the armistice terms.
"The Communists find these demands unacceptable and cannot tolerate them as prerequisites for a cease fire order," said Gen. Chou En-Lai, Communist representative at the truce talks with a government member and General Marshall.
The parley was adjourned until late tomorrow. Its failure to prompt agreement blasted hopes of a truce being effected before tomorrow's opening of the political unity conference.
Chou asserted the government wanted to proceed with the occupancy of the two inner Mongolian provinces under an armistice. He mentioned specifically the towns of Chihfeng in Jehol, and Dolonor in Chahar, both strategically situated on the Chengteh-Chinhsien railroad.
Tonight's meeting was the fourth in the series between Gen. Chang Chun, the government representative, and Gen. Chou En-Lai, the Communist member, with Marshall as the third member of the truce committee. It lasted an hour and 40 minutes.
Chang told correspondents that the details were not yet settled and that the discussions therefore would continue.
"Prospects are not bad but the problems are difficult," he stated, adding that with the committee's (Turn to Page Seven)

Cleveland Papers Halted By Strike

Cleveland, Jan. 9.—(P)—Federal Conciliator Thomas W. Robertson awaited a reply from publishers and striking AFL-Pressmen today to his proposal to end the five-day dispute that has halted publication of Cleveland's three daily papers.
Terms of the proposal made yesterday were not announced but Robertson said the two groups were expected to reply today.
The strike was called last Saturday over a wage dispute by the Cleveland newspaper printing pressmen's union. Approximately 175 pressmen of the Plain Dealer, the News and the Press are involved.
News dealers reported local residents were buying out-of-town papers so rapidly they were unable to keep pace with the demand.
The pressmen, who rejected a \$10.86 weekly increase offered by the publisher, are demanding a \$14.64 boost for day employers and \$15.64 for night workers. The present scale for pressmen in both categories are \$53 a week.

Political Big-Wigs Call On Governor

Harrisburg, Jan. 9.—(P)—Two men mentioned as possible Republican candidates for governor visited Governor Martin yesterday, but the executive's office refused to say whether politics was discussed.
They were Lieut. Gov. John C. Bell, Jr., of Philadelphia, and Lt. Col. Daniel B. Strickler, prominent Lancaster county attorney who was recently discharged from the army.
Republican leaders agree that Martin can have the Republican nomination for U. S. senator if he wants it at the May 21 primary and a lengthy list of possibilities has been mentioned for the gubernatorial nomination. The governor says he has made up his mind but is withholding his decision.

COMMUNICATION EQUIPMENT WORKERS START WALKOUT IN ADVANCE OF SCHEDULED TIME

By the Associated Press
A scheduled nation-wide strike of telephone installation workers which threatens to bring a country-wide tie-up of telephone service within days got underway in scattered cities today.
Members of the Independent Association of Communications Equipment Workers quit work in Ohio, Indiana, New Jersey, Maryland, Pennsylvania, Delaware and Illinois—in many cases well in advance of the 11 a. m. scheduled walk-out.
The members, involved in a wage dispute with Western Electric, install equipment for the Bell Telephone Company and union spokesmen predicted a "100 per cent breakdown of dial telephone service within a few days."
For the second day, meanwhile, New York City remained in virtual telegraphic isolation from the rest of the country with 7,000 CIO Western Union employees remaining away from their jobs.
In Washington, a possible break in the steel-wage stalemate appeared with reports that a steel price increase of about \$4 a ton, \$1.50 more than the limit previously set by OPA, was under consideration.
No picket lines were reported set up immediately in the telephone installation workers' walk-out. No immediate disruption of telephone service was reported.
Ernest Weaver, president of the Independent Association of Communications Equipment Workers said picket lines, which he said other independent telephone unions have promised to respect, would be established later around major telephone exchanges.
This would mean, he said, the sympathy strike of the 263,000 members of the Independent National Federation of Telephone Workers. Some 17,000 members of the Western Electric Employees Association, an affiliate, have been on strike in New York and New Jersey for the last week.
Weaver asserted the strike would cause "100 per cent breakdown of toll telephone service" and disruption of dial service within a week or 10 days.
As the strike of Western Union employees continued, CIO officials said there was a possibility that 600,000 members of 300 CIO locals in greater New York may be called upon to support the walk-out.
Non-union members worked in 25 branch offices in the city and incoming telegrams were relayed by telephone to addressees. A system of priorities for accepting telegrams, based on a wartime list, was established by the company.
Elsewhere along the labor front, efforts continued by government officials to halt the nation-wide strikes scheduled next week in the steel and meat-packing industries, which would add more than a million (Turn to Page Seven)

Walkout of Utility Workers May Disrupt State Industries

New York, Jan. 9.—(P)—Pennsylvania today faces the possibility of a CIO Utility Workers strike that may disrupt part of the electric power and light, water and gas service in the Keystone state, says union president Joseph E. Fisher.
The Utility Workers Union of America (CIO), through its regional director, Reginald Brown, has notified the National Labor Relations Board of its intention to strike in 30 days, Fisher said.
Reason for the strike, he asserted, was prompted by what the union called interference by the Pennsylvania Power and Light Company in a recent NLRB election in which employees chose a rival union—Employees Independent Association—as bargaining agent.
The Pennsylvania Power and Light Company provides electricity to 28 counties in the eastern part of the state.
Company officials at Allentown, Pa., had no comment.
A spokesman for the Brotherhood of Electrical Workers of America (AFL) asserted last night at Johnstown, Pa., that his union would not be affected by the CIO walkout. The spokesman said members of his union work for the Pennsylvania Electric Company which supplies power to 17 western counties.
Whether the other 22 of the Keystone state's 67 counties would be affected by the utility workers threatened strike was not immediately known.
Fisher released the text of a telegram sent to the NLRB, the National War Labor Board and Secretary of Labor Lewis B. Schwellenbach.
(Turn to Page Seven)

Steel Price Increase of \$4.00 Ton Is Under Consideration

Washington, Jan. 9.—(A)—A steel price increase of about \$4 a ton—\$1.50 more than the limit previously set by OPA—was reported under consideration by the government today.
Officials in a position to know but who could not be identified by name said they understood Reconstruction Director John W. Snyder and Stabilization Administrator John C. Collet had decided the higher price should be allowed, despite sharp protest by Price Administrator Chester Bowles.
The steel industry, facing a strike next Monday, has been holding out for an increase of \$7 a ton as a condition to resuming collective bargaining on the demand of the CIO steel workers' union for a \$2 a day wage boost.
Meanwhile, telephone equipment workers started a strike against the Western Electric Company, threatening a complete tie-up of the nation's communications systems.
At first, however, the Association of Communications Equipment Workers (Independent) did not establish pickets. Other telephone unions have said they would not cross picket lines.
Officials said that while no firm decision had been reached on the amount of a steel price increase, they expected one "at almost any time now."
Bowles is reported to have taken the stand in steel conversations with President Truman that \$2.50 a ton is the maximum increase that could be allowed within the framework of the administration's wage-price policy.
OPA was reported unwilling to make any announcement involving more than a \$2.50 price boost. For this reason, it was said, the announcement may be made by Collet or Snyder, or perhaps by the White House.
The White House declined comment today on reports of the contemplated \$4 increase.
Press Secretary Charles G. Ross said he doubted whether there (Turn to Page Seven)

Officers Chosen At Annual Girl Scout Council Meeting

The Warren County Girl Scout Council reelected Mrs. C. Vance Weld to serve as commissioner for one year at the annual meeting held at the Girl Scout office Tuesday afternoon.
Other officers reelected were Mrs. F. L. Abendroth, first deputy commissioner; Mrs. N. K. Wendelboe, second deputy commissioner; Mrs. E. E. Koebley, third deputy commissioner and assistant treasurer; Harold McNulty, treasurer.
Mrs. N. J. Mangus was elected secretary, replacing Mrs. F. M. Geer who was unable to serve another year. Mrs. Basil White was elected to membership in the council. For the past year, Mrs. White has represented the Leaders' Association on the Council, her term expiring this month. Mrs. T. L. Armstrong presented report of the nominating committee.
Annual reports from chairmen of standing committees showed a year of great activity. Highlights were the celebration of the 10th anniversary of the Warren County Girl Scout Council in May with a dinner for post and present members and a pageant; the Treasure Chest project, which included sending four chests of books, each containing (Turn to Page Seven)

New Achievement in Fashion World at Metzger-Wright's

Latest and most far-reaching achievement in the fashion world is soon to be presented by the Metzger-Wright Company, exclusively in Warren, that of the Calceico Colorama which is the result of the combined efforts of 37 leading California manufacturers, the American Airlines, and the Metzger-Wright California Buying Office.

Calceico Colorama is a complete coordinated fashion promotion of spring and summer resort clothes which will reach simultaneously more than 70 selected stores throughout the country, delivered by airfreight during January over the American Airlines.

First the fabric was woven to specifications and the specially designed prints were transported on to it. Next the clothes were designed with the fabric. Finally the entire collection of clothes was coordinated with bags, gloves, shoes, costume jewelry and clogs to be promoted as a complete group by the stores. Designers, artists, weavers, dyers, printers, makers by devoting months of labor, thought and planning, built an assembly line of ideas, plans, for an unprecedented result. Finally, after days of sorting, labeling, packing and distributing the "imagineering" fact of Calceico Colorama was complete and it became the turn of the manufacturers to carry on.

Seventeen of California's top-flight designers next went to work with the prints to create the smart garments which comprise Calceico Colorama. The list of participating designers is a roster of outstanding names in the fashion world: Tchilles of Hollywood, Louella Ballerine, Godfrey Houston California Accessories, Catalina, Inc., Colonial Dames, Demoiselle, Jean Durain, Ferncraft, Kenneth Hopkins of Beverly Hills, DeDe Johnson, Junior Miss of California, Lynn Lester, Morris & Fyne, Pacific Handbag, Miss Rae of Hollywood, Windsor House, and Joseph Zukin of California.

Advance trade and consumer advertising may be seen in Mademoiselle, Harpers Bazaar, Vogue, Town and Country, Glamour, and Charm, as well as in Spanish magazines in Mexico and South America. To spearhead the entire promotion, a World Premier will take place at Salinas y Rochas store in Mexico City. Many dignitaries of the fashion world will attend. The event will be publicized through the newsreel and radio.

The prints are vivid Mexican and floral designs on rayon jersey which lends itself so perfectly to outstanding patterns. Metzger-Wright's will present these coordinated fashions at a Style Show to the members of the Woman's Club on Monday, January 14.

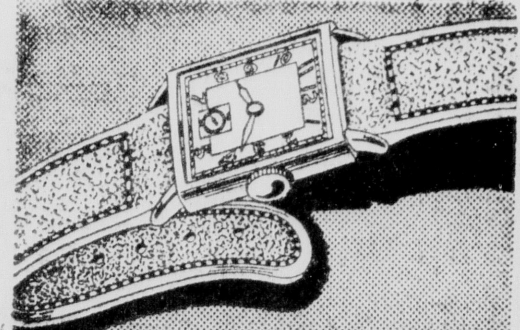

STAMPS ARRIVE

Due to some delay the Texas stamps did not arrive at the local postoffice until today and they have now been placed on sale. Collectors who have been anxious to secure blocks of the stamps can now have their demands cared for at the stamp windows.

"The House of Perfection Blue White Diamonds"

Work To Start On Improving Tionesta Dam

Army engineers who have charge of the improvements to be made at the Tionesta dam expect to have the specifications completed for the work to be done there completed soon. Most of the surveys have been completed and during February and March advertisements for the project will be inserted in trade magazines so that contracts can be made and contractors permitted to start work in April.

The dam is wholly completed and the \$277,000 project will include a new highway into the dam, the construction of a rest house and concession stands, a huge bas relief map of the area and landscaping projects.

This is the first step in the making of the district about the reservoir of the dam a huge recreational project. Surveys for the recreational area have been completed and will find funds later for this work. It is a pledge of the Army Engineers that this will be a vast recreational area above the dam where the lake formed by impounded waters of the dam will furnish motor boating, fishing and bathing. Camp sites will be developed and the project is a large one.

The new Conemaugh flood control dam was given \$3,000,000 for start of the construction work in a bill just signed by President Harry Truman. This huge lake to be formed by the impounded waters of the \$30,000,000 Conemaugh dam will be made one of the finest recreational areas to be found in the east. Close to Pittsburgh it will be finely developed and the reservoir will be ringed with cottages, camps, etc. Pittsburgh papers have been highly generous in their space relative to the possibilities of this recreational area within commuting distance of Pittsburgh.

The Army engineers anticipate that work will be under way on all of the projects before the end of the fiscal year, June 30.

New Grader to Be Complete In Equipment

At the meeting of the Town Council held Monday evening the street committee was authorized to advertise for bids to be opened at the next meeting, February 4, for the purchase of a new and powerful grader. The machine will be of the larger type used in street work and similar to that operated here by the State Highway Department.

With huge rubber tires, dual drive, grader will be equipped with a scraper and grader blade which will handle any grading job that may face the street department. It is planned to have a cab placed on the machine so that it will be useful during the period of cold weather. The use of the machine in periods of heavy snow fall will save the borough much money as it will be powerful enough to use on hilly streets and for removal of ice and heavily packed snow on the streets.

One man can operate the big machine which is of the latest type and has electric controls and is also equipped with lights for use at night.

There is also some discussion underway relative to a snow loader which can be used once the big grader works its way around the loading trucks replacing many men who now shovel the snow into the trucks.

Times Topics

DECORATING UNDER WAY
Painters are at work in the Evangelical Church on Third avenue and several of the class rooms are being redecorated and much improved in appearance.

FURNACE PIPE PLUGGED
Firemen with the emergency truck responded to a call from Wetmore street at 7:46 this morning. The pipe from the furnace to the chimney had become stopped up and the obstruction was removed and the firemen were back in quarters at 8 o'clock.

LOAN APPLICATIONS
J. J. Nealon, state supervisor for the Emergency Crop and Feed Loan Office, states that farmers of Warren county are now making applications for loans to finance their 1946 production, such applications being accepted by F. B. Miller, 225 Pennsylvania avenue, west.

TO AID TAXPAYERS

Deputy Collector of Internal Revenue will be at Post Office Building on Thursday and Friday Jan. 10th and 11th and Monday Jan. 14th and 15th and Tuesday Jan. 16th and 17th to assist taxpayers who are required to revise their estimated tax for 1945 or who wish to file their Income Tax Return and make final payment. Farmers are required to file complete return for year of 1945 and pay tax due or if they are unable to compile all data by January 15th, then an estimated tax return must be filed and payment made and final return can be filed by March 15th.

Everybody reads the Times-Mirror.

Bloody Cart Found Near Kidnaping

Blood-spattered push cart being inspected by Chicago Police Detective Frank Bartosh is under examination for possible connection with the kidnap-murder of six-year-old Suzanne Degnan. Carl was found in basement of apartment building near Suzanne's home.

Industrial Employees Division In Hospital Drive Confers

B. V. Lesser and C. S. Allen, chairmen of the Industrial Employees' Division of the Warren General Hospital campaign met with their committee last evening to begin their phase of the work which includes the solicitation of employees of all plants and larger concerns in Warren. Mr. Allen explained that the success of the campaign largely depended in the results of the committee's work. It is planned to set up an organization in each firm under a company chairman for the purpose of carrying the story of the hospital to the employees and giving each one the opportunity to subscribe.

It was pointed out that one of the reasons the Hospital has to increase its capacity is due to the fact the majority of the employees have hospitalization insurance and

are now able to use the hospital whereas before the insurance plan illness had to be cared for in the home.

But, the monies paid for insurance provide hospital care only, and in no way can it provide for new buildings or equipment. The general public has never been asked to contribute to a fund for expansion and the present hospital was erected by the vision and generosity of a comparative few of Warren's citizens.

It was announced that a dinner-meeting of company chairmen would be held at the hospital on Tuesday, January 15, at 6:30 p. m. The Industrial Employees' Division Committee membership is:

E. G. Garber, Don E. Conaway, T. K. Creal, E. H. Ley, MacLean Houston, Harry R. Lewis, Al Rasmussen, D. Mowell, Paul Harrington, E. C. Walker.

In her memory will be held at 1:30 p. m. Saturday, Rev. Wayne Furman, pastor of First Methodist church, will officiate and interment will be made in Tidouche cemetery.

ESTELLA M. PHILLIPS
Mrs. Estella McGregor Phillips, widow of M. E. Phillips, died January 8th after a brief illness, aged 86 years. She is survived by two sons and three daughters: Harry F., of Pittsburgh; Homer L. Phillips and Mrs. Ernest Berdine, Warren; Mrs. Clyde Daelhousen and Miss Irene Phillips, Tidouche; also nine grandchildren and three great-grandchildren.

Private services in her memory will be held at 2:30 p. m. Friday at the home of her daughter, Mrs. Daelhousen, in Tidouche, with interment in Tidouche cemetery. Friends may call at the Daelhousen home any time after noon today. (Pittsburgh papers please copy).

MRS. GEORGE HAIGHT
Mabel Woodside Haight, wife of George Haight, 10 Elmwood avenue, Falconer, N. Y., died at 8:30 this morning at the Hultquist Nursing Home, 57 Fairmount avenue, Jamestown, N. Y., aged 52 years.

Besides her husband, she leaves one son, Fred, of Falconer; one daughter, Mrs. Frances Smith, Tucson, Ariz.; one grandson; her mother, Mrs. Margaret Woodside, Sugar Grove, and one sister, Mrs. Mary Richmond, Jamestown.

Services in her memory will be held at two o'clock Friday afternoon at the Falconer Funeral Home, Falconer, followed by interment at Sugar Grove.

LINDELL MEMORIAL SERVICE
In memory of Lt. Arthur E. Lindell, Sunday afternoon, Jan. 13th, at 3 o'clock in the Methodist Church, Russell, Pa. Please omit flowers. 1-10-21.

SPORTSMEN TO MEET
The Warren County Sportsmen's Club will hold a meeting Friday evening at 7:30 o'clock at the YMCA and all interested are cordially invited to attend.

ALICE LEWIS LORD
Mrs. Alice Lewis Lord, a guest at the Lutz Funeral Home, died at two o'clock this morning. A former resident of Tidouche and widow of Allen T. Lord, she was born June 7, 1860, on Brown Hill, Warren county, the daughter of Gideon and Mary Brown Lewis.

Surviving are two sisters, Mrs. Susie Sniverling, Montezuma, Calif., and Miss Carrie Lewis, Tidouche; also one niece, Miss Pearl Lewis, Kane.

She was associated with the Methodist church.

Removal has been made to the Lutz Funeral Home, where friends may call and from where services

will be held at 2 o'clock Friday afternoon at the Lutz Funeral Home, where friends may call and from where services

Strike Scares Meat Eaters Into Action

Warren in common with other towns over the country that support frozen food lockers is rushing meat into the lockers at a rapid rate as the strike scare that the threatened meat cutters strike will materialize. During the past week or ten days there has been a rush of patronage to the lockers and the employees there have been overworked in keeping up with the demands.

Manager Neil Culbertson, of the Warren Lockers, who recently took over that position after his discharge from the U. S. Service, stated this morning relative to the matter, "I just can't tell whether it is the strike scare or the warm weather that has caused the rush to the lockers. The warm weather has caused many who had slaughtered cattle and had been preserving much of it in cold places at their home to rush the meat to the lockers and cooling room. The strike has also had a big effect."

"We have asked our patrons to co-operate and schedule their slaughtering with us so that the meat may be cut up and processed properly. It is a big job and we will be able to handle it successfully if patrons aid us in the time of their slaughtering."

In towns around Warren there is a rush reported to the lockers and tons of meat are being put in lockers so that in event of a strike of meat cutters in the big packing houses that home supplies will not fail.

New Queen of Amphibian Planes

Nearly twice as large as any other amphibian plane is the Glenn L. Martin Co.'s new twin-engine XPBM-5A, above, pictured during its recent first flight. Similar in design to Martin's PBM Mariner, an outstanding rough-water patrol plane, it is expected to be especially valuable for air-sea rescues. The new ship weighs approximately 30 tons, is powered by two 2100-hp. engines, is 80 feet in length, has 118-foot wingspan, cruises at 147 mph. with speed maximum of 200 mph. Nose wheel retracts into keel and side wheels fold into side of hull. Turret atop fuselage is a radar dome.

"UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers
Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.
In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when it gets blocked it fails to digest properly.
What you want for real relief is not soda or an alkalizer—but something to "unblock" your intestinal tract. Something to clean it out effectively—help Nature get back on her feet.
Get Carter's Pills right now. Take them as directed. They gently and effectively "unblock" your digestive tract. This permits your food to move along normally. Nature's own digestive juices can then reach it. You get genuine relief that makes you feel really good again.
Get Carter's Pills at any drugstore—25¢. "Unblock" your intestinal tract for real relief from indigestion.

Visiting Nurse Shows 327 Cases Handled During 1945

Presented at the annual board meeting of the Warren Visiting Nursing Association, the report of the nurse showed a total of 327 cases handled during 1945, with a total of 1435 visits made, 19 sunshine lamp treatments given, 593 office and telephone calls made.

Besides this, the nurse assisted with 51 child health clinics, two crippled children's clinics, attended eight Warren Relief meetings, one Needlework Guild meeting, and investigated four cases for one draft board.

Cases under care were typed as follows: Medical, acute and chronic, 295; surgical and communicable, each 1; tuberculosis, 2; maternity, 21; sunshine lamp, 7. In addition to her nursing visits, Miss Horan made 58 social service and welfare visits, assisted with one delivery, made 38 pre-natal, post-natal and new-born visits, 22 night visits and 13 on Sunday.
At the child health clinics, 456 children were given attention: New babies attending, 55; returned cases, 175; new pre-school age children, 27; returned cases, 146; toxoid given to 24; vaccinations, 1; child welfare home visits, 28. Appreciation was expressed dur-

ing the meeting of the many donations given the agency during the year.
The nurse's report for December, presented at the same time, showed 13 new cases and 13 still under care, these being classified as follows: acute medical, 2; chronic medical, 20; delivery, 1; new born, 2; sunshine lamp, 1. A total of 113 visits was divided as follows: Nursing, 104; social service and welfare, 2; assists with deliveries, 1; new born, 2; night, 3; Sunday, 1. These were in addition to 35 office and telephone calls and two sunshine lamp treatments given.

The nurse attended one Warren Relief board meeting and assisted in handling the following children at four child health clinics: New babies, 4; returned cases, 10; new children of pre-school age, 1; returned cases, 4; toxoid given in four instances.

McKenney On Bridge

NO TRUMP SLAM IS SURE IN THIS HAND

By WILLIAM E. MCKENNEY
America's Card Authority

For the first time, I believe, in the history of bridge, the national open pair championship was won this year by a husband and wife. Mr. and Mrs. Lewis Jaeger of New York. It was a popular victory. They have been consistent winners for several years, and it was not surprising to see them come through for this major championship. They have a fine partnership. Their bidding is very accurate, and unlike some married couples, when a hand goes wrong it is quickly forgotten, and on they go to the next one.

Duplicate—Neither vul.			
South	West	North	East
1♥	Pass	2♦	Pass
2♥	Pass	3♦	Pass
4♥	Pass	6♦	Pass
6♥	Pass	7NT	Pass

A record for this event, 134 pairs, entered the contest. At the end of two sessions, the field was reduced to 84 pairs, and then to 42 pairs for the final session.

Today's hand from the finals came in for considerable discussion. One pair failed to bid a slam. Most pairs bid seven clubs, but the winners and several other pairs arrived at seven no trump. You can see that, regardless of what is opened, North and South have six diamond tricks, five club tricks, the ace of spades and a king of hearts—14 in all.

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritis or neuritis pain, try this simple inexpensive home recipe that thousands are using. Get a package of Rux's Compound, a two-week supply, today. Mix it with a quart of water, add the juice of 4 lemons. It's easy. No trouble at all and pleasant. You need only 3 tablespoons two times a day. Often within 48 hours—sometimes overnight—splendid results are obtained. If the pains do not quickly leave and if you do not feel better, return the empty package and Rux's will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Rux's Compound is for sale, and recommended by Miller's Out-Rite and drug stores everywhere.

MEN AND WOMEN IN SERVICE

Rossman Has Part In USN U-Boat Seige

Many friends of the young sailor named will read with interest the following special dispatch received from Bainbridge, Md., naval training center:

Aboard the USS Bogue when she was awarded the Presidential Unit Citation for her part on the capture of the famed German U-boat 505, Calvin C. Rossman, seaman first class, is a civilian again. He was honorably discharged at the Bainbridge separation center and has joined his mother, Mrs. Gertrude Rossman, at their home, 1½ Jackson avenue, Warren, Pa.

In a task force that included the Flagship USS Guadalcanal, an escort carrier, the Bogue's depth charges helped force the submarine to surface so that the American vessels could pour a continuous barrage of machine gun fire into her hull, forcing her surrender.

This event constituted the first successful capture of an enemy man o' war on the high seas by the U. S. Navy since 1815. All of the sub's crew were captured except one man, who was killed while crawling out of the conning tower. The U-boat was on exhibition throughout the United States and was used in War Bond and Navy Relief Fund drives.
In the navy for 28 months, Rossman served half of his career overseas, where he earned the European, Asiatic-Pacific and American theatre ribbons. He plans to attend school under the provisions of the GI Bill of Rights.

HOME ON LEAVE

Delbert C. Anderson, seaman first class, is spending a 30 day leave with his parents, Mr. and Mrs. Elmer C. Anderson, 324 Park avenue, Seaman, Anderson, has spent 16 months in the Asiatic-Pacific theatre on the seaplane tender, U. S. S. Currituck, and has seen many points of interest in the far east. After his leave, he will report to San Francisco for further assignment.

ON USS PRINCETON

Neal C. Meley, fireman second class, son of Mr. and Mrs. Chester Meley, Tiona, has arrived in Philadelphia, where he is assigned to the aircraft carrier, USS Princeton. He received his boat training at Great Lakes naval training center and has been home on a nine-day leave with his family.

BACK TO HOSPITAL

Ardel Drayer, machinist's mate third class, has returned to the Naval Hospital at Portsmouth, Va., where he has been hospitalized for the past three months. He spent the holiday season at home with his wife and son, 404 Water street, and his parents, Mr. and Mrs. S. A. Fitzgerald, 13 West Fifth avenue.

IS PROMOTED

From Harmon Field on Guam comes word that Otto K. Lynch, husband of Margaret Kemmer Lynch, 609 Fourth avenue, has been promoted to the grade of sergeant. The announcement is made by Brig. Gen. Donald F. Stace, commanding general of the Guam Aid Depot in the Marianas. Sgt. Lynch entered active duty November 5, 1943, and since January 21, 1945, has served as a clerk in the Pacific area. He wears the Asiatic-Pacific theatre ribbon.

Projects Won By Young Folk Of 2 Counties

T. R. Sponsler, County Vocational Adviser has been notified by the state department of public instruction of the winners in the state project contest in the Warren-Forest area. They are:

Thomas Inter, Youngville, 1st garden.
Donald Spencer, Jr., Sugar Grove, 3rd, poultry records.
Maurice McWilliams, Tionesta, 10th, potato production.
Lavern Benedict, Youngville, 13th, potato yield.
Lavern Benedict, Youngville, 14th, potato production.
Donald Peeples, Tionesta, 14th, beekeeping.

These boys are members of the Farmers of America Chapters of the area and carry on a farming enterprise during the year in conjunction with their agricultural high school work.

Acid Indigestion

Relieved in 5 minutes or double your money back. Let's talk turkey

Who should receive the benefits of improved methods when industry gets back into its peacetime production stride?

Judging by their strike demands, UAW-CIO leaders seem to think that such benefits should go entirely to union members.

They forget that it is important for consumers to benefit through reduced prices or greater values. This has the added advantage of increasing volume and thus expanding job opportunities.

They forget too that improved production methods come largely from the use of improved machinery and tools supplied by the owners of the business.

Over the years the automobile industry has grown and prospered and contributed substantially to the welfare of our country because it has adhered to the principle that customers, employees and investors must all benefit from improved methods.

The decision on how best to distribute the benefits calls for experience, judgment and—above all—a primary interest in the welfare of all concerned.

That's why such decisions must be left to management, which is equally concerned with the interests of employees, stockholders—and customers!

GENERAL MOTORS

"More and Better Things for More People"

Best Actor

Film star Ray Milland, above, is the choice of New York screen critics as the best actor of 1945 for his performance as the alcoholic in "The Lost Weekend," which they voted the best picture of the year.

There are approximately 7,083 islands in the Philippines.

BIG GOVERNMENT REMAINS

If anyone has been doubting that "big government," with most of its controls, is going to be with us for a long time, President Truman's recent radio talk to the people should have set him right. And it is doubtful that the President derived any joy from breaking the news.

It has been Mr. Truman's frequently expressed hope that the federal government might relax its wartime controls over business quickly, once victory was achieved, and cease playing so intimate and intricate a part in the lives of its citizens. But the unexpected turn of events since V-J Day has shattered that hope. It is evident now that the government retreat from business can't and won't proceed according to plan, at least in the near future.

Some of the reasons for this can be blamed on business itself. Private enterprise seems to have grown flabby from its restricted activity during the war years. It is out of condition, and has fumbled a good many chances that have come its way since it got back in the game.

So we see controls on prices and production being restored after having once been removed. We see private business, along with the unions, flopping completely in an effort to solve labor-management differences without government interference. Some businessmen who were crying loudest for a return of private enterprise now seem to be standing around helplessly waiting for the government to "do something" for them.

But all the blame can't be put on the businessmen or the labor leaders. Government itself is in no small measure responsible. There is a tendency to pass more laws and appoint more boards when present laws and boards don't function sensibly or efficiently. There is hesitancy and ineptitude by both the executive and legislative branches which have led to open defiance on some occasions, and on others to a paralyzing doubt as to what the government's next move would be.

President Truman called for action and decision in 1946. These must come from all sides. The government needs to produce quickly a wiser and fairer program for unwinding itself from a wartime organization than it has shown to date. Business must demonstrate a more intelligent use of the freedoms it has been shouting for. Labor must show a more reasonable attitude toward its contribution to the general good as well as to labor's good.

And the great pressure group of the whole public, to which Mr. Truman so wisely appealed, can help things along by making its thoughts and wishes known to the government. Congressmen are human beings who can be talked to and written to, and who will listen.

END MASS MURDER ON HIGHWAYS

A Pennsylvania State College safety expert suggests a 1946 resolution designed to end "mass murder on public highways."

Citing America's rapidly-rising automobile accident rate, Amos E. Neyhart, of the Institute of Public Safety, a frequent visitor to Warren county where he is always assured a large, attentive audience when he comes here to lecture, offers these tips for winter driving:

- (1) Keep your windshield clear by making certain your defrosting equipment and wipers are working. Light lenses should be clean, too, for a dirty lens may blot out 50 to 75 per cent of the light.
- (2) Reduce your speed. Actual tests show that three to eleven times the distance needed to stop on dry roads is needed to stop on snow and ice.
- (3) Use chains when snow and ice prevail. A car with chains can be stopped in 40 per cent of the distance required for a car without chains.
- (4) Increase the distance between your vehicle and the car ahead of you. The proper interval is the length of one vehicle for each ten miles-per-hour your speedometer registers. On snow and ice this distance should be increased.

The Army released 832,000 officers and enlisted folks during December. That's an awful lot of homes not to be able to find.

Ceiling prices have been slapped back on oranges. That's putting the squeeze on 'em.

How are the resolutions holding out?

T-H-O-U-G-H-T-S

I have heard the murmurings of the children of Israel: speak unto them, saying, At even ye shall eat flesh, and in the morning ye shall be filled with bread; and ye shall know that I am the Lord your God.—Exodus 16:12.

If Heaven sends no supplies,
The fairest blossom of the garden dies.
—William Browne.

Is Everybody Happy?

YEARS AGO IN WARREN

Interesting Items Taken From
The Warren Evening Times

In 1936
Officials of the Great Atlantic and Pacific Tea Company, of Buffalo, paid a visit to Warren and quipped rumors that their store near the Carver House would close upon the opening of the new store.

Three county libraries are now in operation and are meeting with much success. Yankee Bush, Quaker Hill, and Pleasant Township, are all equipped with the libraries.

Warren High basketball players opened the Section Three, NWPLA with a 63-16 victory over Corry. Anderson, Davidson, and Eggleston were high scorers for the Blue and White.

Building operations at Clarendon Heights are continuing. A new two-story general merchandise store will be erected, and it is hoped that a gasoline station will be built soon.

In 1936
F. E. Kieshauser, manager of the Turner Radio Shop, has left for Cleveland, where he will spend a week as guest of the General Electric Company. His trip is an award for outstanding sales management.

Barber shop patrons have greeted the new ruling calling for all union shops to remain open all day Thursdays instead of closing at noon as has been the custom.

First steps on the improvement of the Warren airport will start soon. The project, a WPA move, will employ some forty men for the grading and draining of the field.

The Warren Maroon Club has risen to third place in the sixteen-team Inter City League bowling league. Sam Cosmano, of the Warren Iroquois, which is in third place, is tied for second in individual scoring.

In 1550 a book was published by a Portuguese navigator, Antonio Galvao, demonstrating that a canal could be cut at Panama.

Behind Your Bonds

Lies the Might of America

CALIFORNIA LUMBER

California's 216,000,000 board feet of timber will add millions of dollars to the Nation's wealth to guarantee Victory Bonds. Its output of pine, redwood, sugar pine and Douglas fir has reached 2,329,634,000 ft. in one year, and can exceed that when demands require it. Redwood is exported throughout the world.

THE STATE POLICE SAY:
Automobile drivers should remember that few pedestrians realize how comparatively invisible they are at night. To compensate for this fact, you should follow these safety rules: 1. Double your caution at nightfall. 2. Triple your caution on unlighted residential streets. 3. Quadruple your caution in bad weather.

The porpoise and the panda are most playful animals.

SOCIETY NEWS

Business Women Hear Talk About The Amish People

Forty-nine members and guests of Warren Business and Professional Women's Club gathered in the YWCA activities building last evening for the January meeting and were delighted with the informal talk on the Amish people of Lancaster county given by Warren E. Miller, of the high school faculty.

Stressing the geographical location of the settlement and touching briefly upon its earlier arrival in this country from the Rhineland palatinate of Germany, at the invitation of William Penn, Mr. Miller used small, authentically dressed doll figures and specific photographic reproductions to emphasize many of his facts. Details of their unique dress, daily life and customs which set them apart from 20th century living was made unusually interesting by the speaker's own personal knowledge of the section and its people.

The meeting at which Mrs. Miller was also a special guest, followed dinner served at a long table set with evergreens and pine cones, white candles and small choir singer place cards wishing each a "Happy New Year."

Ethel Baldensperger was chairman of the committee for the evening and presented the speaker. Mrs. Earl Fenderson, president, conducted the business session which followed the program. Reports were given by Ruth Karr, for Secretary Violet Peterson, who was ill; Ethel Patchen, treasurer, and Eunice Alexander, on Christmas activities for the club's "adopting" family and other children at the Hoffman Home. Letters of appreciation from Mrs. Carrie Meredith and the children were read.

Mrs. Fenderson named Mayne Marsh, Maybelle Bairdson and Hazel Keller as a committee to continue investigation of a proposed special club project. A number of other club matters were discussed and the president dismissed the members with an appropriate poem.

Social Events

ENTERTAINS FOR SONS BIRTHDAY

Mrs. Harold Caldwell, of Barnes, entertained twelve little playmates on Saturday with a birthday party honoring her son, Harold Leon, Jr., who was seven on New Year's Day. Dorothy Swanson from the Children's Home, played for singing of children's selections. Later, games were played, after which the children marched to the dining room for refreshments at a table attractively set in blue and yellow, and centered with a large birthday cake.

The guest of honor received many remembrances from the following: Carol Stover, Rebecca Moore, Jimmy Rudolph, Franklin Silvis, Gary Pittcock, Lucille Dunn, Miller, Lawrence and Dorothy Swanson and Leon's sister, Helen. A group picture was taken with Leon holding his birthday cake with its seven lighted candles.

Unable to be present because of illness were Mary Ann and Dorothy Jean Wolfe and Charles McDowell.

ZONTANS COMPLETING PLANS FOR CAMPAIGN
All Zonta Club members are asked to be present for the luncheon-meeting to be held at noon Thursday at the YWCA activities building, since plans are to be completed for the local March of Dimes tag day on Saturday, January 19.

WOMEN'S BIBLE CLASS
All members are asked to be present for a very important meeting of the First Lutheran Women's Bible Class, to be held in the parish house at 7:30 p. m. Friday.

DOG LICENSES ARRIVE

Dog license tags for the year 1946 have arrived at the office of the county treasurer and went on sale there today. Dog law enforcement officers will begin their annual check relative to the licenses within the next few weeks so that it is important that all pooches be presented with their new tags.

Episcopal Worker Is Guest Speaker For Blue Stockings

The mid-year luncheon and meeting of Blue Stockings Club was held Tuesday afternoon at the YWCA activities building, with Mrs. Burr Walker and Mrs. E. H. Beshlin in charge of arrangements, which included decorations of daffodils and blue tapers for the very pretty table.

The meeting which followed was conducted by the president, Mrs. Robert Winger, who in closing, read two beautiful poems appropriate to the times and starting of the new year. One, "New Paths Into a New Day," is by Gertrude Schultz, secretary emerita of the National Board of Foreign Missions; the other, "Rise Up, O World," by William B. Stidger.

The speaker of the afternoon was Miss Marguerite Stach, educational secretary for the Episcopal Diocese of Erie, her topic "The Home and Church Work Together." Miss Stach said in part: These times give a special challenge to church education and the church must be concerned with the happenings in our homes.

The subject was covered from the standpoint of children and parents and the relationship of children to their church. She pointed out that intimate companionship between parents and children in the homes, where religion has a place and where, by example, a love for God and fellowmen finds expression in sympathy, affection and regard for one another, are far better than any teacher's efforts. The church offers these homes help with an educational program which furthers the children's development and holds this youth group together with wholesome entertainments.

"In both the home and the church, we must be teachers," she stressed, "by our own daily life and actions, by the kind of things we say, by the kind of things which hold our interest, by the things we admire and by our meeting of emergencies." Miss Stach's personal experience in her work made her talk especially interesting and enjoyable.

The next meeting, on January 22, will be held at the YWCA, with Mrs. W. E. Lutz and Miss Ethel Morris as hostesses.

Large Attendance For Star Activity

The reception and meeting held last evening by Warren Chapter, Order of Eastern Star, to honor its district deputy grand matron, Katherine Tunstall, Franklin, was largely attended, more than 100 members and visitors being present.

The very fine dinner was in charge of a committee for which Martha and Nell Swick were co-chairmen, and the following were aides: Ruth Brown, Peggy Dodd, Elissa Dunham, Doris Erickson, Mary Fitzgerald, Loretta Hulings, Violeta Hutchens, Anna Juline, Ruth Lind, Wilma Nelson, Elizabeth Reed, Dorothy Schulz, Lovinia Warner, and Athene Webster. Table arrangements were unusually attractive, carrying out a winterland scene and lighted by small snow maiden candles.

Announcement was made of a party to be held on January 29, with Ruth McNulty as chairman. There will be cards, other games and dancing for all Eastern Star members and escorts, all Masons and their ladies.

Legion Auxiliary Conducts Tribute

Impressive memorial services were conducted at the American Legion Auxiliary meeting on Tuesday evening by the president, Mrs. Milton Witz, assisted by Mrs. Marvin Wilkins, Mrs. Merle Graham and Mrs. Effie Spiedel. The charter was draped and memorial poppies placed for Mrs. Mary McNamara, Mrs. Nell Meno, Mrs. Carrie Hansen, Mrs. Beulah Springer and Mrs. Betsy Kinneer Check.

Following the business session, games were enjoyed in charge of Mrs. Ralph A. Harrah. A trip around the world motif was carried out by the refreshments committee headed by Mrs. C. D. Cannon and Mrs. Donald Schuler, with Miss Leona Westlund and Mrs. Floyd Ahlquist pouring.

The next regular meeting of the auxiliary will be a tureen dinner on January 22, when Joe Benen, veterans' service officer, will speak on the GI Bill of Rights.

STREAMS DROPPING

Streams of the county have dropped considerably following their rapid rise due to the melting snow and the heavy rain that fell during the past few days. The river dropped a foot over night and this morning registered 8 feet 8 inches. The large tree which had lodged against one of the bridge piers some time ago was moved out by the high water and ice and carried down stream.

Meetings Of County Banks Held Tuesday

With the exception of the Warren Bank and Trust Company which will hold its annual election Tuesday, January 15th, banks of the county held their elections yesterday.

First National Bank
Directors and officers were elected at the annual meeting of the First National Bank held Tuesday, January 8th. Directors elected were: Chester S. Allen, Sidney D. Blackman, Harry W. Conarro, Mark F. Cowden, Geo. L. Craft, Wm. S. Hospins, John W. Moll, Wm. Muir, N. P. Paterson, J. A. Rockwell, John L. Stone.

Officers elected were: Wm. Muir, chairman of the board, J. A. Rockwell, president; M. F. Cowden, vice president; H. W. Conarro, vice president; N. D. Paterson, cashier; L. A. Branch, assistant cashier; A. L. Langdon, assistant cashier; A. H. Templeton, teller.

Tidoute State Bank
At a meeting of the stockholders of the Tidoute State Bank held January 8, the following directors and officers were elected for the ensuing year: Directors: A. V. Clinger, Wm. C. Tompsett, S. D. Blackman, Joseph E. Pequinot, Lyde R. Briggs. Officers: Lyle R. Briggs, President; A. V. Clinger, Vice President; Sarah E. Atkin, Cashier; R. K. Cyphert, Teller.

Warren National Bank
At the annual meeting of the Warren National Bank, held on Tuesday, January 8, 1946, the following were elected to serve as directors and officers for the ensuing year:

Directors: William S. Clark, Miner D. Cray, Clare J. Cray, C. W. Beckley, John L. Blair, Edward W. Johnson, Donald C. Smith, Peter E. Nelson, Harry H. Smith, Allen M. Gibson, Nels Anderson, K. M. Andrews, Charles R. McNeal and William M. Cashman.

Officers: Banking Department—Edward W. Johnson, President; William S. Clark, Vice President; Clare J. Cray, Vice President; Albert L. Rasmussen, Cashier; Edward M. Branch, Horace B. Meacham, Mose A. Connelly, Andrew Nelson and Elmer T. Lundahl, Assistant Cashiers; Harold M. McNulty, Gerald L. McCune, Guy A. Edris, Neil S. Woodruff, Allan M. Kobleby, C. Sturley Lemmon, Homer E. Mead, Dominic A. Randinelli, Clayton M. Kyler and Frank C. Willard, Tellers.

Trust Department: Glenn E. Stone, Trust Officer, Edward C. Rasmussen, Assistant Trust Officer.

Everybody reads the Times-Mirror.

Required Volume Of The Various Vitamins

By MULLEN DRUG CO.

A certain balance of Vitamin "intake" is necessary for continued good health. Whether or not you are getting a sufficient amount can be determined through a physical examination by a doctor.

When you have this information, when you know that a deficiency is evident, be sure that you get the needed Vitamins and be sure that these are produced by a standard pharmaceutical manufacturer.

The doctor carefully calculates the required volume of quality vitamins to replace a deficiency and correctly spaces the number to be taken to meet individual needs.

This is the 45th of a series of Editorial advertisements appearing in this paper each Wednesday.

1945—YEAR OF RETRIBUTION—By NEA—No. 7: "Bottoms Up" for the Jap

By NEA Service
THE U. S. fleet rose from a Pearl Harbor graveyard in 1941 to prowling the Pacific four years later unchallenged by an enemy.

The professional skill of the Navy, the industrial might of the nation and the magnificent aptitude of American youth made this possible.

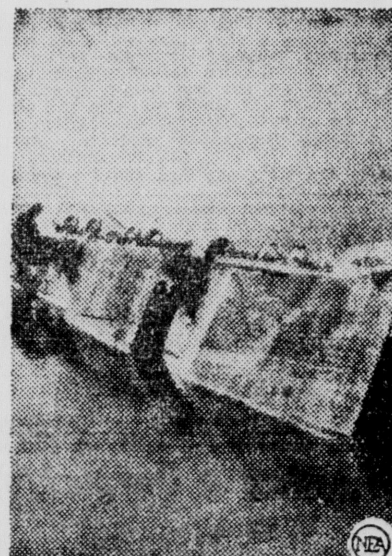

The Pacific war was an amphibious and logistical operation

of unprecedented size. Adm. Ernest J. King told shipyard workers early in 1942: "You build 'em, we'll fight 'em." Although two old battleships were lost at Pearl Harbor, eight new ones had joined the fleet by V-J Day. Against a loss of five aircraft and six escort carriers, we completed 27 carriers and 110 escort carriers. We lost 10 cruisers, 48 new ones were built. We lost 52 submarines, built 203.

The Japs built too . . . and we sank. They lost 11 of 12 battleships, 20 of 26 carriers, one of which is shown in panel at far right above, and 38 of 43 cruisers. The few ships that remained afloat generally were too damaged to be of value. The Jap merchant fleet was decimated. Following the Nelsonian doctrine that a naval victory should be pressed until the enemy is annihilated, the U. S. fleet

slashed up a chain of Pacific islands until we were poised at Saipan, Iwo Jima, the Philippines, Guam and Okinawa for the last crucial strike at the Japanese mainland.

The atomic bomb, projected from this strategic deployment in August, ended the war and made this final operation unnecessary.

Tomorrow: Air Assault on Japan.

"...My skin has become much younger looking..."

Thousands of women, a large percentage around middle life, have written us over the last 8 years with statements like the above about ENDOCREME'S unduplicated results. This is to be expected for we honestly believe that ENDOCREME has no equal in the way it can help the skin of face and throat to become firmer, fresher, more "alive" and lovely with youthful bloom. It contains ACTIVOL®, an effective replacement for woman's own natural, skin-beautifying substance. Absorbed by the skin, it helps restore normal growth to ageing cells and tissue. Ask for and insist upon ENDOCREME. Many report marked results in only 30 days.

Also, try the new ENDOCREME Hand Lotion.

Endocrine

Lundgren - Carlson Holiday Bridal Is Announced Today

Announcement is made here of the holiday wedding of Ruth Johanna Carlson, of Jamestown, N. Y., daughter of E. A. Carlson, of Danmore, Calif., and Clifford Lundgren, flight officer of the U. S. Air Corps, Boca Raton, Fla., son of Mr. and Mrs. Algot Lundgren, of Akeley.

The ceremony took place December 29 in the Buffalo Street Methodist church in Jamestown, Rev. R. S. Naylor officiating and wedding music provided by Norlene Holt, Akeley, and Harry Snow, of Lancaster.

Mrs. P. Julia Burt, as her cousin's matron of honor, wore light blue Queen Elizabeth organdy, with blue feathers and tulle, and carried a colonial bouquet of pink carnations, blue iris and Sweetheart roses, held in a pink tulle and lace frill and showered in pink satin.

The best man was Cpl. Raymond Lundgren, Rapid City, S. D., brother of the bridegroom, with his cousin, Roland Jacobson, and the bride's cousin, Glenn M. Strong, as ushers.

Given in marriage by her uncle, Hjalmar Carlson, of Celoron, the bride was lovely in a white off-the-shoulder frock of brocade taffeta, with long, full skirt of white net, and long white gloves. Her veil, edged with Chantilly lace, fell from a crown of pearls into a long train. She carried a colonial bouquet of white rosebuds, sweet peas and pom-poms, with tulle and white lace frill.

Mrs. Lundgren wore dusty rose, with a flower hat and corsage of pink roses.

A reception for 75 guests followed in the church parlors, where a three-tiered wedding cake was topped with a miniature soldier and bride and flanked by lighted tapers in crystal holders to center an attractive table. Aides were Mrs. Harry Snow, Lancaster; Elsie Lundmark, Akeley, and Eleanor Carlson.

The couple left for a southern honeymoon and to reside in Boca Raton. For traveling, the bride chose a winter white wool dress, black accessories and corsage of American Beauty roses.

The newlyweds are both graduates of Russell High School, the bride also being graduated by the Hoff Business College here and formerly employed by Sylvania Electric Products. Flight Officer Lundgren has been in the army since 1943.

Julie E. Snyder Is Saturday Bride Of Returned Veteran

At four o'clock Saturday afternoon, January 5, in First Presbyterian church, Julie E. Snyder, niece of Miss Ada K. Snyder, 119 West Third avenue, became the bride of Earl R. Snyder, son of Mr. and Mrs. W. W. Snyder, Clarendon.

Dr. Harold C. Warren read the marriage service before a background of white pom-pom bouquets. At the organ, Jackson Barrell played Serenade from "The Student Prince," "At Dawning" by Cadman, the Barcarolle from "Tales of Hoffman" by Offenbach, and "Because."

The bride was given in marriage by her cousin, George S. Cruse, and attended by Mrs. George Boyer as matron of honor. For her bridal gown she chose white tulle with sweetheart neckline delicately brocade. A beaded Juliet cap held her fingertip veil and her bouquet was of white pom-poms. Mrs. Boyer carried flowers which matched her gown of rose color. Miss Snyder wore black with white trim, and Mrs. Snyder wore black silk, each with white pom-pom corsage.

Richard Larson, Clarendon, was Mr. Snyder's best man and George Boyer was the usher.

A reception for 35 guests followed in the church parlors, white candles flanking the three-tiered cake which centered the white bride table. Guests included Mr. and Mrs. Elmer Miller and daughter, Suzanne, Erie; Mr. and Mrs. George S. Cruse and son, Larry, Uniontown; Mr. and Mrs. Robert Love and daughter, Virginia, Erie. After a wedding trip to eastern Pennsylvania and New York state, the couple will return January 12 to be at home to friends at 119 West Third avenue. For traveling, the bride chose black accessories with a black and white checked suit, and wore a white pom-pom corsage.

Mr. and Mrs. Snyder are both local high school graduates and the former has just been discharged following 21 months of overseas service.

Lt. Jane McGarry Bride of Veteran

Lt. Jane McGarry, of Warren, was married at high noon on Sunday, December 2, in Memorial Chapel of Walter Reed Hospital, Washington, D. C., to Edward S. Murray, of New York City, Chaplain Antoinette Barrett performing the double ring ceremony.

The bride wore white tulle, styled with drop shoulders, which set off her only jewelry, a gold cross with diamond inset, the gift of the bridegroom.

Catherine Androulakis, of Washington, was maid of honor and John Homer, of New York City, was best man.

As Lt. McGarry, the bride took part in the African and Italian campaigns and has now been discharged from the Army Nurse Corps.

Mr. Murray, who served as a lieutenant with the 462nd AAA in Europe, has just been released from the Army. He was the recipient of the Bronze Star Medal.

The newlyweds are residing at 401 West 47th street, New York City, where Mr. Murray has employment with the Ford Motor Company of New Jersey.

Thompson - Higgy Rites Announced

Announcement has been made by Mrs. William J. Higgy, of Columbus, O., of the marriage of her daughter, Miss Betty Jane, to R. Frederick Thompson, son of Mrs. F. E. Thompson, of Russell, on January 4 in the Simpson Methodist church in Erie. The Rev. William A. Thornton officiated for the double ring ceremony.

The bride chose an informal tailored frock of bittersweet wool, with dark brown accessories, and wore orchids. Her only attendant was Mrs. L. E. Thompson, Erie, who wore a black gown and aqua dressmaker suit, with black accessories and orchids.

L. E. Thompson attended the wedding as best man.

The wedding dinner was given at the Pussy Willow Tea Room for members of the immediate families.

Mr. and Mrs. Thompson left for an eastern honeymoon trip and will be at home in Russell after January 21.

DRAGONS DOWN WOLVES; SEMI-PRO TEAM FORMING HERE

Eaton Paces Locals With 16 Points; Kane Holds Dragons Equal In Most of Encounter

Big Jack Eaton, the Dragons' six-foot, five inch center, stretched his season's point total to 102 last night as he paced his "Big Five" teammates to their tenth consecutive victory of the season, a 33-29 conquest of Kane.

The Massmen, appearing tired from last Friday's Bradford clash, were forced to go "all out" late in the game to halt a much improved and very fast Kane quintet from overcoming the nine-point lead marked up by the locals during the early part of the fourth period. Sue Byham was high man for the Wolves with 14.

The victory makes the Dragons the only undefeated team which will enter the District Ten Section Two league action Friday night. The victory also records double wins for the locals over Jamestown, Corry, and Kane.

The Dragonmen got off to a poor start last night, and Kane took advantage of every misplay to capitalize on the breaks. At the end of the initial period, the locals were leading by a slim 8-7 margin.

The record came as an equal as was the first. Although the "Big Five" out-pointed the Wolves, the Hilltoppers were not ready to give in as the locals left at half-time a 16-13 lead.

Corry Five Routs Sheffield Quint

Corry, Jan. 9—Corry High's Beavers recorded their second win of the season here last night by drubbing Sheffield 40-33.

Corry controlled the contest until late in the fourth period when the Corry reserves went into action. The Beavers led 41-28, going into the last quarter.

Truble was high for Sheffield with 18, and Fox tallied 14 for Corry.

Lineups:

Struthers Drops 37-29 Tilt To Humidors; Sylvania Bumps Bradford In Overtime Contest

Two of the best basketball attractions in Warren to date this season were played last night on the Y hardwood, with one local outfit winning and the other losing.

Struthers Wells was dumped for the third straight time, being decisioned 37-29 by the Jamestown Humidors. It was the second win in as many starts over the Wellsmen for the Humidors.

In the preliminary battle, Sylvania came through in a three-minute overtime period to turn the trick on the Bradford YMCA, boasting in its lineup two members of the famous Bradford High School team of 1942, Eddie Moffatt and "Dud" Frisina.

In the first game, towering Captain Grunswieg paced his bulb-

Last Night's Fights

By the Associated Press
Stockholm—Ole Tandberg, Swedish heavyweight champion, stopped Jack Porter, Scotiana (S), (weight unavailable).

Trenton, N. J.—Ike Williams, 137, Trenton, outpointed Charlie Smith, 137, Newark, (10) (non title).

New York—Nava Esparza, 146½, Mexico City, outpointed Louis Rouse, 147, New Orleans, (8).

New York—Steve Belloise, 158, New York, knocked out Bobby Brown, 161, Washington (5).

CITY LEAGUE MEETING AT YMCA THIS EVENING
Managers and officials of the City Basketball League are reminded of the meeting to be held this evening at the YMCA at eight o'clock.
The second half schedule will be approved and playoff dates arranged.

Local Second Quint Downs Kane Juniors

The Dragon Second team defended its successful record against out-of-town Junior Varsity squads last night by dumping the Wolves' J-Vs 24-16.

The local Blue and Whites failed to click in the first period but came back in the second to tie the game at 9-9 when the half ended. The entire second half was controlled by the Dragons.

Barney Hearn Wins PONY Batting Toga

Buffalo, N. Y., Jan. 9—(P)—Official averages released today gave Barney Hearn, Jamestown Paloons' southpaw outfielder, the Class B Pony League 1945 batting championship, with a mark of .353.

Hearn, noted out another southpaw outfielder, William Kovalek of the Hornell Pirates, who averaged .3515.

Kenneth Humphrey, southpaw Jamestown outfielder, went to bat most times, 519, made the most hits, 165, and compiled the most total bases, 233. George Gasdaska, Bradford, scored the most runs, 133, a new league record which bettered the mark of 124 set in 1934.

(Turn to Page Eight)

Champions Are Beaten

Speaking of Class B competition, McAdoo, first of the smaller schools to win a state title, may have trouble repeating.

It was its opening test in the Annapolis League race, St. Gabriel's High turned the trick by a score of 26-24. . . But even last year, the McAdoo boys were off to a bad start. . . In fact, they lost the first half title. . . but copied the second half, and went on to win the state crown at Allentown.

Speaking Of Warren

Here is what Johnny Nelson, Jr., writing in the Bradford Era, thinks of Warren's band of six footers.

"Joe Massa may not have a 'great' team, but he certainly has a good, sound ball club that is going to have something to say about the northwestern championship before it is awarded to anyone. . . Against the tight Bradford zone defense, the Dragons inserted blond Al Babcock, a foot two inches on the pivot with Jack Eaton, the 6 foot, 6 inch toy man of all the Warren big boys, on the back line. . . Neil Simmons operated on the side with Harris and Reed out front. . . And judging from what went on the other night, the Dragons have scoring punch from any of the spots. . . Stop them inside and either Harris or Simmons can ring the bell from long range."

With the Colleagues

Reports are current around Hazleton that Joe Andrejko, former Hazleton High and Fordham star, now with the marines in the Pacific, will finish his college work at Penn. . . He teamed up with Joe Chievers, to bring fame to Hazleton. . . Then the pair went to Fordham. . . They were juniors when they entered the armed services. . . Joe Appichella, another former Hazleton star will enter Holy Cross in September. . . He was at St. Bonaventure when he entered the army. . . Jimmy Chapman, formerly of St. Gabriel's is slated to enter Miami University next fall. . . Pete Paputka, of Hazle Township, is another coal region star likely to go to Miami.

Elmo Wolfe, One of Warren's Top Athletes, Making Needed Moves for Game on Saturday

Semi-pro basketball is back in Warren—for good, we hope. Elmo Wolfe, recently discharged from the paratroops, has made the necessary arrangements, and in all probability there will be a semi-pro contest here on the Beatty school court this Saturday night.

The revival of the realm of semi-professional basketball came as a result of continued agitation among discharged servicemen and other cage enthusiasts for the return to Warren of the kind of basketball that made a hit here not so many years ago when Gerry Archibald and his HyVits Oils and Warren Penns were making their conquest of the nation's top-flight pro and semi-pro teams.

Wolfe, a polished athlete and well known to Warren sports followers as a No. 1 athlete, made several contacts before engaging in any formation of a club. Wolfe

is of the opinion that semi-pro ball will go over well in Warren once again.

He has obtained permission to use Beatty school for practice sessions and games. Yesterday, Wolfe went to Erie, where he hoped to book a fast club to come here for an opening game this Saturday.

Wolfe stated that he definitely

would not book second-class teams, but that he would bring in the best available cage quintets in this part of the country.

Warren fans who know Wolfe intimately can depend upon him to bring to Warren sports fans the best in the line of games and teams. Buffalo, Akron, Erie, and many other surrounding towns and cities boast good clubs that would be a drawing card here.

Wolfe will act as coach of the team. As yet, the name of the backer has not been announced, but Wolfe expects a deal to be closed within the next few days. Ex-Servicemen will probably dominate the lineup of this Warren outfit. Captain Grunswieg, 6 ft.

6 in. center of Sylvania in the City League and a former Niagara University star, will be in the lineup, as well as numerous other players who have had college experience.

The Warren Semi-Pros will be the first team of its sort here since the Warren Penns broke up in the late thirties. The Penns later went to Cleveland, where they played under the name of Cleveland White Horses.

Formation of such a team in Warren shows the quick revival of sports of all sorts in the post-war athletic program, and the team's success will depend entirely upon the support give it by local fans.

LANDER

Mr. and Mrs. Fred Ludwick and Henry Preston spent New Year's Day with Dr. and Mrs. Ralph Kapp at Youngsville.

Mr. and Mrs. Fred Ludwick have purchased Harry M. Nelson's home.

Mr. and Mrs. Fred Putnam and son of Reynoldsville spent the weekend with their parents, Mr. and Mrs. Clair Putnam.

In ancient times, it was believed that a jacinth or hyacinth worn in a ring on the finger had the faculty of producing sleep.

Wellsville Pony League Team With \$4,000 Deficit May Quit

(Special)
Bradford, Jan. 8.—Faced with a \$4,000 deficit and a very uncertain financial future, directors of the Wellsville Exhibition Company, Inc., which operates the Wellsville club of the PONY League, have announced that they are ready to surrender their franchise in the circuit.
According to the Wellsville Reporter, directors of the club feel that operation of professional baseball in Wellsville is a financial impossibility unless the community makes it a civic project with the fans providing the necessary contributions.
At the present time, the club has a \$4,000 deficit from last year and would need a fund of \$10,000 to guarantee clear sailing in 1946.
The Wellsville team is locally owned and operated with only a working agreement with the New York Yankees.
The tieup with the Yanks is not strong enough to carry the team across the rough spots, and the New York team is not interested in taking over an outright ownership basis.
Wellsville is the smallest city in the PONY League and its limited population does not give the club

a chance to attract the attendance needed to make baseball a paying business. Higher cost of players, wages for park help, taxes and transportation all have made the problem too big for Wellsville.

The directors were ready to close up shop last week and return the franchise to President Robert Stedler's office in Buffalo, but decided fans of Wellsville should have a final say in the matter. That's where the matter now rests—with the fans.

If there is wide interest, enough to warrant a meeting, then the directors will gather with the fans and tell the story. If the \$10,000 sum can be raised in the next 30 days, Wellsville will stay in the league. But everyone admits this is doubtful.

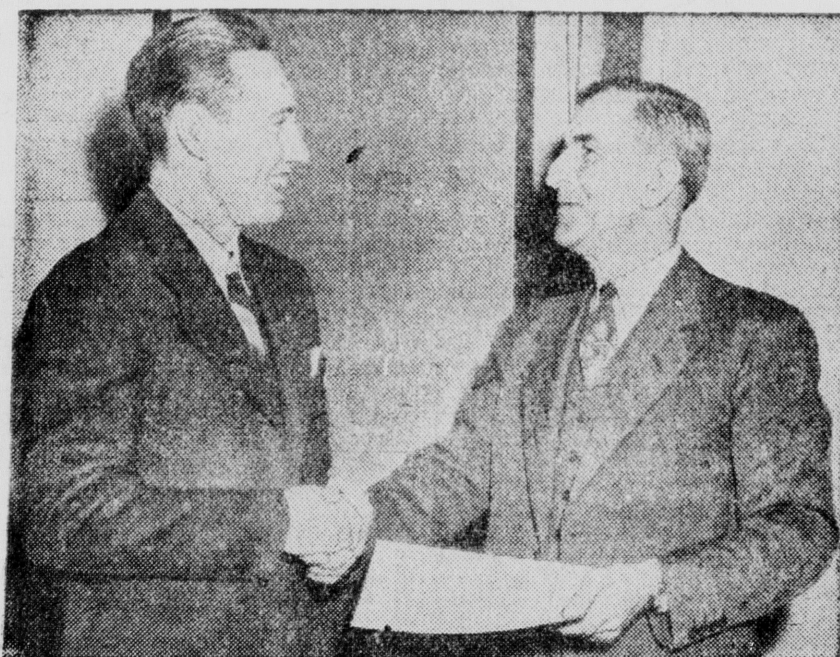

Wellsville has been in the PONY League for four seasons, entering in 1942 when the league jumped to eight clubs for the first time. The Yanks finished fifth in 1942, third in 1943, seventh in 1944 and fifth last season.

Contacted in Buffalo, Robert Stedler, PONY League president, told the Era that the situation at Wellsville would not hurt the league in general.

Grange News

DEGREE PRACTICE
Fifth degree practice will be held next Monday morning, January 14, at eight o'clock in Brokenstraw Grange hall at Youngsville.

Feller Signs '46 Contract

Bob Feller, left, Cleveland Indian fireball pitcher, is pictured with Roger Peckinpaugh, Indians' vice president, shortly after Feller signed his 1946 contract. Both expressed extreme satisfaction over the agreement, reportedly making Feller the highest paid pitcher in baseball history.

Youngsville Tops Spartansburg Five

Spartansburg, Jan. 9.—Youngsville dumped Spartansburg here last night, 44-40, in an overtime period followed by a "sudden death" period.

Spencer, who paced the Eagles with 12 points, went out of the game on personals in the third quarter. Johnson scored 11 for the winners.

U. C. T. MEETING
An evening of interesting entertainment has been provided for IOOF hall, Hickory street at 7:30 members of Warren Council No. 563, United Commercial Travelers, to be held Saturday evening in o'clock. The committee in charge announces that the bowling alleys have been reserved for 9:30 o'clock. For those who do not desire to bowl other amusement will be arranged.

Agents Will Hear Head Of National Unit

The Purchasing Agents Association of Northwestern Pennsylvania will hold its regular meeting at the Emory Hotel in Bradford Thursday evening, with a short business session following 6:30 dinner.

This promises to be a very special meeting, as Charles L. Sheldon, president of the National Association of Purchasing Agents, will be the principal speaker. Mr. Sheldon is also purchasing agent of the Hood Rubber Company, division of B. F. Goodrich Co., Watertown, Mass. He is a native

Charles L. Sheldon

of Rutland, Vt., and has been associated with the Hood firm since 1910, holding the position of purchasing agent for the past 25 years. Mr. Sheldon is the author of numerous outstanding articles on purchasing and is a very capable speaker. Because of his specialized knowledge on containers, he was a valued consultant of the War Production Board during the war and served as a member of the Containers' Division of WPB.

This will be Past President's Night, and William F. Avery, 6th District vice president, will present the past president's pin to E. F. McCollough, recently retired president.

Each member is urged to attend and bring as a guest another member of his firm or some other interested individual.

Barney Hearn Wins PONY Batting Toga

(From Page Six)

1942 by Pat McNair of Jamestown. Robert Riley, Bradford, punched out the most singles, 130, and stole the most bases, 48, a new record which topped the 42 stolen in 1944 by Thomas Accardo of Lockport.

Stephen Kromko, Batavia, collected the most doubles, 39; Humphrey and Ralph Novotney, Lockport, tied for the triple leadership with 13 apiece, and Leon Riley and Carl Sawatski, both of Bradford, tied for the home run laurels, each swatting 13.

Louis Palmisano, Batavia, left-hander, captured both the earned run championship, with 140, and is touted as one of the best comedy teams on the floor show circuit.

Frank Williams of the Club today said: "Only a lucky break got the Warren Club this booking and according to the Outing Club officials the price is a record breaker for the club."

Frank Patera, a song purveyor, who has played the club here with great success will also have a place on the bill along with Nancy Nacey, a comely character dancer who is the embodiment of grace and charm.

Those elected at the last meeting and to be inducted at this time are as follows: Master, Kenneth Holden; overseer, Glenn Meely; lecturer, Carrie Bimber; steward, Henry Stoneburg; assistant steward, Howard Holden; chaplain, Jessie Sharp; treasurer, Freda Le-

Bradford compiled the most runs, 806, most total bases, 1578, most home runs, 41, most sacrifices, 113, most bases on balls, 676, most runs, 651, and tied with Eric for the most triples, 66. Batavia collected the most hits, 1150, and most doubles, 239.

Jamestown set the pace in club fielding with a percentage of .934, had the most outouts, 3249, most assists, 1488, and most total chances 4968.

Olean executed the only triple play of the season, on Aug. 13,

Sensational Act Booked at Outing Club

Committees in charge of the Marconi Outing Club are walking on air today as they have been notified that an act long sought for an appearance here will head the bill this week end. The act played for weeks at the famed Zanzibar Club in New York and for a fortnight has been featured at the Don Metz Club in Pittsburgh. It is Lem and Dickey known as "The Two Flashes" and is touted as one of the best comedy teams on the floor show circuit.

Frank Williams of the Club today said: "Only a lucky break got the Warren Club this booking and according to the Outing Club officials the price is a record breaker for the club."

Frank Patera, a song purveyor, who has played the club here with great success will also have a place on the bill along with Nancy Nacey, a comely character dancer who is the embodiment of grace and charm.

New Officers For Freehold

Leo Johnson and an able team from Brokenstraw Grange at Youngsville were in charge of installing newly elected officers at the regular meeting of Freehold Grange.

Those inducted were as follows: Master, Melvin Johnson; overseer, Robert Scott; lecturer, Eva Johnson; steward, Wes Herron; chaplain, Marietta Pelton; treasurer, Genevieve Jordan; secretary, Harold Pelton; gatekeeper, Everett Russell; Ceres, Mrs. Herron; Pomona, Ruth Brezelle; Flora, Marcel Baker; assistant steward, Earl Baker; lady assistant steward, Lenore Jordan.

Following the business session, a spaghetti supper was served by the social committee.

An invitation was extended by the Youngsville Grange to install its officers on January 8, Robert Scott and his staff accepting the bid.

Times Topics

HERE ON FRIDAY

Jack Paulson, representative from the Smaller War Plants Corporation in Erie and aide to small business and veterans in obtaining surplus equipment, will be in the local veterans' office, Room 304 of the Warren Bank and Trust Company, from noon until four o'clock on Friday.

HAD BUSY SEASON

Camp Complanter at Dunkles Corners built during the WPA days by the U. S. Forestry Department has one of its busiest seasons during the past summer. Used by the Salvation Army eight weeks of camping were enjoyed by hundreds of underprivileged children, members of the bands of the S. A. and other groups. In all there were over 1000 camp weeks enjoyed by various persons. Much of the shopping for the big camp was done in Warren.
